

## The Errors of Our Ways

Please join your friends at Nashville Flight Training in welcoming FAASTeam Program Manager, Bob Hill, as he depicts an overview of General Aviation accidents within the Nashville Flight Standards District Office area of responsibility during both 2020 and 2021. He will share tips and tricks to aid you in avoiding common errors, and a starring role in an NTSB production.

Knowledge and training is essential to ensure the highest level of safety and will greatly reduce the number of aircraft incidents and accidents.

**Directions:** Please use the available map link. Use the Nashville Flight Training entrance and proceed through the hangar to the meeting room.

### A message from the National FAASTeam Manager
